## ABOUT ME

---

I am a code enthusiast. Coding is my passion. I started my career as an English language teacher and took up coding seriously when I happened to create a blog to interact with my students. All I need is a career move to succeed in an environment of growth and excellence and earn a job which provides me job satisfaction and self-development achieving my personal as well as organizational goals. I believe learning never ends so I am always keen on updating myself with different programming languages.

## EXPERIENCE

---

### FREELANCER

Male', Maldives: 2016 - present

I am a self-taught developer. I have been working as a freelance web developer for about 2 years. I have experience in creating numerous projects from landing pages to fully-functional ecommerce websites. I am also familiar with digital marketing (SEO, Email etc.) and graphic designing concepts (Wireframes, typography etc.) which I used to optimize the clients' websites in order to increase the customer interaction with any site. I develop website as per UI/UX design concepts where customers and clients' satisfaction is considered to be the highest goal. I am also familiar with GitHub and quite comfortable of working with a team.

#### Accomplishments:

- Created responsive landing pages and fully-fledged websites
- Optimized websites according to SEO concepts and Semantics.
- Created WordPress templates using HTML, CSS and Bootstrap
- Created emails in HTML
- Gave websites functionality using JavaScript and jQuery
- Committed projects to GitHub
- Converted Photoshop sites to HTML and CSS
- Manipulated the commandline
- Converted WordPress websites into Android apps
- Converted pre-existed HTML and Bootstrap websites into WordPress templates and childthemes.
- Handled Chrome developer tools in debugging websites

### TEFL TEACHER

Male', Maldives: 2014 - present

I have been teaching English as a foreign language in Male' for the last couple of years. I am responsible for training several groups of students sitting for professional exam like, IELTS, TOEFL etc.

#### Accomplishments:

- Result-oriented training
- Achieved goals before deadlines
- Cross-cultural communication
- Manipulated technology in teaching learning process
